

July 9th, 1928

To Whom It May Concern:

I have known Paul Siple,
born December 18, 1908 for more than 5 years
which time has been spent in the service and
work of Scouting.

I know that he has applied
himself diligently to the work of Scouting
and it is his ambition to make this his life
work.

He completed his high school
work at the Central High School of Erie, Pa.,
and also his Sophomore year at Allegheny
College, Meadville, Pa., where in connection
with his school work he has also done work
with the Scout Troop there.

At the present time he is
employed with the Erie Boy Scout Camp as Camp
Activities Director and is doing a fine work.

He has 59 Merit Badges to his
credit and has been very thorough in all of
this work.

I consider him an outstanding
figure in Scouting; clean in body and mind and
have no hesitancy in recommending him as one of
the members for the Byrd Expedition.

Very truly yours,

ERIE COUNCIL B. S. A.

President
