

## Photograph Analysis Worksheet

### Level I

1. Divide the image into four sections. Look closely at each quadrant and describe exactly what you *see* in each. For example:

- What people do you see?
- What objects
- What is the setting and season?

### Level II

2. In what time period do you estimate this picture was taken? Why?

3. Describe the style and purpose of this photograph (for example, is it posed or candid?)

### Level III

4. Based on your observations in Level I & II, who and what is being depicted in this photograph?
