

Image Analysis Worksheet

Day 1

Name: _____

Begin this lesson by fitting together the puzzle pieces to create two separate images of George Washington and King George III. Study the images for several minutes and form an overall opinion about the photograph and examine the individual items in the photos. (See questions within the lesson plan). Write down notes and answer questions about each of the images.

Image 1:

Based on what you have observed in your image, list three things you might infer from this image.

1. _____
2. _____
3. _____

What questions does this image raise in your mind?

Image 2:

Based on what you have observed in your image, list three things you might infer from this image.

4. _____
5. _____
6. _____

What questions does this image raise in your mind?
