

Coming to America

Country of origin:

During what time period did a major amount of people from your specific country of origin come to the United States?

What were some specific reasons why they came to the United States? (Please include both push and pull factors that lead to their migration)

Were there specific areas within the US where your group lived? If so, where?

Describe their experiences once they settled in this country. How did other Americans treat them? How did the American government treat them? etc.

Describe any stereotypes used to refer to your group of immigrants.
